The rights to use the Service shall be strictly limited to what is expressly stipulated by the Agreement and all other rights are expressly reserved by Designed 4 Work. The documentation may only be used in relation to the Service.
- 4.2. The Customer undertakes to use the Service in accordance with the terms stipulated by the applicable laws and regulations, including the laws and regulations applicable to the exportation of data, technologies and software applications.
- 4.3. The Customer shall not be authorised, under this Agreement, without the prior consent of Designed 4 Work, to:

Work does not provide any other express, implied or legal warranty concerning the Service, and in particular no other warranty of conformity, quality, merchantability or fitness for a particular purpose. Designed 4 Work does not warrant that the Service shall meet the Customer's requirements or that the use of the Service shall be uninterrupted error free, or without malfunctioning or hidden defects.

- 8.3. Designed 4 Work does not warrant that the Service shall operate with any product, hardware and/or software not supplied by Designed 4 Work and Google. It is up to the Customer to define its needs, under its sole responsibility, and to check that the Service is suited to same, in light of its aims and the hardware and software that it uses. The Customer must ensure that it has the requisite expertise and qualified and trained personnel (a) to assess the suitability of the Service to its requirements and expectations, (b) to use the Service, and (c) to deploy the organisation measures required to anticipate and facilitate the installation and the use of the Service.
- 8.4. The backup of the Customer's Data is not included in the Service. Google shall be in charge of hosting the Service and the Customer's Data through the Google Cloud Platform (™) and Google Drive (™). Therefore, Designed 4 Work shall not be liable in case of total or partial loss of the Customer's Data or in case of an interruption of the Service linked to a malfunction or an interruption of the Google Cloud Platform (™) or Google Drive (™). Should the Customer consider that the backup terms offered by Google for Google Cloud Platform (™) and Google Drive (™) are not satisfactory, the Customer must take all steps to preserve the Customer's Data and protect itself against a possible interruption of the service or a possible loss of the data generated by the use of the Service.

9. Indemnification

- 9.1. Designed 4 Work undertakes to defend the Customer at its own expense against any action for infringement of intellectual property rights brought by a third party in connection with the Service, provided that (i) the Customer notifies to Designed 4 Work any claim or action immediately upon becoming aware of same, (ii) the purported violation does not result from the Customer's own actions, (iii) the Customer provides all the information, elements and assistance needed for Designed 4 Work to enable it to conduct its defence or to reach a settlement agreement, and (iv) the Customer does not admit liability at any point in time in connection with this action or claim, nor does it attempt to reach a settlement for this action or claim without the prior agreement of Designed 4 Work, which shall have full control over the defence against this action or claim.
- 9.2. Should a court decision that is final and cannot be appealed hold that all or part of the Service infringes the intellectual property rights of a third party, or should Designed 4 Work consider that it is likely that the Service shall be deemed to wholly or partly infringe the intellectual property rights of a third party, Designed 4 Work may, at its sole discretion, without the Customer being entitled to claim any other damages or compensation, (i) modify the Service so that it no longer infringes these rights or provide to the Customer a Service that no longer infringes these rights and that has functionalities that are broadly equivalent to or better than its own in terms of performance, (ii) secure the right for the Customer to continue to use and operate the Service, or (iii) terminate this Agreement and refund to the Customer the Fee charged for the twelve months prior to the termination date.
- 9.3. The abovementioned obligations shall not apply to any claim or action linked to (i) any intellectual property rights that are not covered by the law of one of the States of the European Union, (ii) the use, combination, modification, adaptation or operation of the Service by the Customer in a way that does not comply with the Agreement or that is not authorised by Designed 4 Work, (iii) any Customer's Data or any content, information or data provided by the Customer, the Users or any other third party to Designed 4 Work, or (iv) any Open Source Elements.
- 9.4. The abovementioned obligations shall constitute the only warranty provided by Designed 4 Work to the Customer in the event of an action or a claim brought by a third party in connection with the violation of the intellectual property rights of third parties. The liability of Designed 4 Work shall moreover be limited as per article 12.

10. Personal data

- 10.1. The Customer shall be the data controller of any personal data included in the Customer's Data and processed using the Service, and must therefore comply with any law or regulation governing the processing of such data, such as, in France, the Law on Information Technology and Freedom no. 78-17 of 6 January 1978, as subsequently modified (the « Data Protection Act »). The Customer must in particular, without limitation, file any notification or submit any application for authorisation that is required for the processing of this data, duly inform the persons whose data shall be processed, and, if need be, obtain their consent.
- 10.2. Designed 4 Work may process the personal data contained in the Customer's Data for the purposes of the performance of the Service as a data processor of the Customer. In doing so, Designed 4 Work shall act solely on the instructions of the Customer, provided that these are compatible with the requirements of the performance of the Service. Designed 4 Work shall, as data processor, take all necessary measures, with regard to the nature of the data and the risks entailed by their processing, to protect the security of the data and, in particular, avoid that the data be altered, damaged or accessed by unauthorized third parties.
- 10.3. The Customer is hereby informed that, for the purposes of the performance of the Service, the Customer's Data may be processed wholly or partly through the Google Cloud Platform (™) which is based in the United States. The data shall be protected in accordance with the terms stipulated by the Google Cloud Platform Terms of Service.

- 10.4. Designed 4 Work shall not be held liable for the Customer's processing of personal data via the Service. The Customer therefore undertakes to defend and indemnify Designed 4 Work against any costs, damages, losses or harm (including any legal costs and lawyers' fees) arising from or in connection with the processing of the personal data, including, without limitation, in case of a claim or action by third parties (in particular by the persons whose personal data is being processed).
- 10.5. Designed 4 Work shall use, as data controller, the personal data of the Customer's Contact Person or of the person in charge of the payment of the Services on behalf of the Customer for the sole purposes of managing the Agreement, providing the Services, and promoting other services or products either by Designed 4 Work or its commercial partners. This data shall be disclosed to the sales, administrative and technical departments of Designed 4 Work and may be disclosed by Designed 4 Work to its payment services providers, subcontractors, suppliers or other commercial partners. In accordance with the Data Protection Act, the persons whose data is processed have a right to access and to rectify any information concerning them by contacting Designed 4 Work. They can also oppose the processing of their data by Designed 4 Work on legitimate grounds, bearing in mind that, in that case, the Service cannot be provided in accordance with the terms of the Agreement.
- 10.6. The payment services providers of Designed 4 Work may be based outside the European Union. The Customer therefore grants its express consent and undertakes to obtain the express consent of the Customer's Contact Person and of any other person in charge of the payment of the Services on behalf of the Customer, for their personal data necessary for the payment of the Service to be transferred to the countries in which these service providers operate, bearing in mind that these countries do not necessarily offer a sufficient level of protection for the data.

11. Term and Termination

- 11.1. The Agreement shall come into force on the Activation Date, for the Trial Period, if the Order provides for a Trial Period, and thereafter for the Initial Term stipulated by the Order.
- 11.2. The Agreement shall be renewed automatically on the same terms and conditions for successive periods equivalent to the Initial Term, unless it is terminated by either one of the parties subject to giving at least thirty days notice prior to the next Renewal Date.
- 11.3. Should the Order stipulate an undetermined Initial Term, the Agreement may be terminated at any time by either the Customer or Designed 4 Work, subject to giving at least three months' notice, or any other notice period stipulated by the Order.
- 11.4. Either party may terminate this Agreement as of right, effective immediately:
 - (a) should the other party fail to perform its obligations under this Agreement, and should the other party fail to remedy the breach within thirty days following the written notification of the breach, without prejudice to any damages that the party which terminated the Agreement may also be entitled to claim;
 - (b) subject to the applicable laws and regulations, in case of insolvency or liquidation proceedings or amicable liquidation of the other party, any court decision appointing an administrator to administer all or part of its assets or activity, any collective proceedings being brought against it, or any other similar proceedings in the country in which it is based, whether these proceedings are brought at its own request or at the request of a third party, or if the other party is unable to pay its debts when due;
 - (c) in the event of a violation of articles 4 or 13 by either one of the parties;
 - (d) in accordance with article 9.2.
- 11.5. The Agreement shall be automatically terminated or suspended in case of termination or suspension, on any grounds whatsoever, of any services provided by Google that enable the Service to operate, whether these services are provided to the Customer or to Designed 4 Work, for instance if Google modifies or prevents access to the Service on a temporary or permanent basis.
- 11.6. All of the parties' rights and obligations under this Agreement shall cease at the date of termination or expiry of the Agreement, with the exception of the provisions which by nature shall survive such termination or expiry.
- 11.7. Should the Agreement expire or be terminated for any reason whatsoever, the Customer shall be entitled to access the Customer's Data through the APIs that are made available by Designed 4 Work in the format described in the Documentation, for a period of three months. Designed 4 Work shall charge a fee for returning the Customer's Data in any other format or by any other means.

12. Limitation of liability

- 12.3. No action may be brought against Designed 4 Work in connection with the Agreement upon expiry of a period of one year after the occurrence of the causal event that gave rise to the action.
- 12.4. The Fee and any other sums payable by the Customer to Designed 4 Work reflect the allocation of the risk accepted by the parties under the Agreement, in particular the limitations or exclusions of liability or warranty stipulated by the Agreement. The limitations or exclusions of liability or warranty stipulated by the Agreement shall also be applicable to the insurers of the Customer and to any direct or subrogated claims from the Customer's insurers.

- 13.2. The parties shall each keep all Confidential Information strictly confidential, and shall only use it for the purposes of the Agreement, refraining from disclosing it to any third party without the prior consent of the other party which disclosed it to them, unless the information:

14. Force majeure

- 14.1. Neither Party shall be responsible for a breach of its obligations or a delay in the performance of its obligations (save in respect of its payment obligations) if this breach or delay is due, wholly or partly, to circumstances of force majeure, the following events being considered as circumstances of force majeure in addition to any events considered as force majeure by the French courts: any natural disaster, fires, flooding, epidemics, wars, riots, popular unrest, strikes (even if these strikes affect the personnel of Designed 4 Work), any limitation in the speed or capacity of any telecommunications equipment or network used in conjunction with the Service, and any modification of the export or import regulations.

- 15.6. Should either party not exercise, in whole or in part, any right, power or prerogative that is granted to it under this Agreement, this shall not be considered as constituting a waiver of said right, power or prerogative, which may be exercised at any time.
